

Art / Volunteer Services | Internships

Overview

Art/Volunteer Services is responsible for the professional care of the Carter Center's growing art collection. The collection consists of a rich and diverse range of artwork that has been given to President and Mrs. Carter or to The Carter Center. The art intern will also work closely with Volunteer Services and may assist with Carter Center events.

Art/Volunteer interns learn about the professional care of the Center's growing art collection in an office that functions like a museum registrar's office. They also work closely with Volunteer Services, which manages about 120 volunteers who support the Center's work.

Number of Interns per Semester: 1

Program Preferences:

- Background in museum studies or art history
- An interest in museum registration, education and/or curatorial work
